

2023 impact report

Helping create happier and healthier people and places.

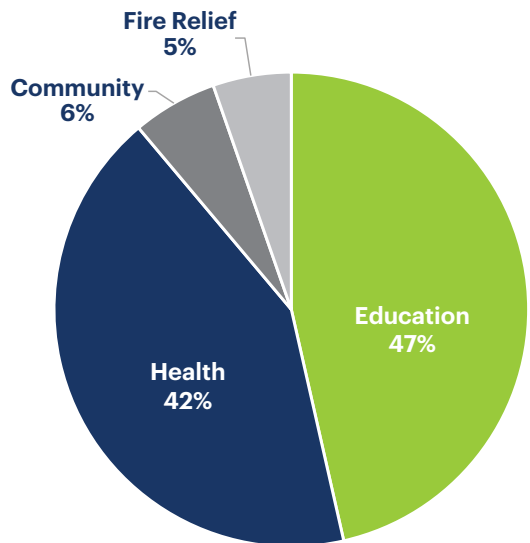

Since our start in 2018, OCCU Foundation has contributed more than \$3 million to nonprofit organizations across the region. We're committed to ensuring that every member of the OCCU community has access to essential resources for their well-being. We support and collaborate with local organizations that enhance health and foster strong communities.

Through our funding, we:

- Addressed food insecurity by providing meals and snacks for young people through our Feeding Families Fund.
- Offered scholarships and mentorship for more people to attend local universities and community colleges.
- Helped restore and preserve wildfire-impacted lands and parks with investments in clean-up efforts.
- Championed youth with engaging learning experiences, like STEM programming, new books and free aquarium passes.
- Increased access to healthcare and resources through prevention awareness, treatment support and well-being advocacy.

- American Cancer Society
- Bushnell University
- Hope Project
